

Thank you for ordering a Certified Pedigree from the American Kennel Club. A pedigree contains a great deal of information, especially if you elected to have coat colors included, and abbreviations are an unfortunate necessity. On this sheet you will find the meanings of the abbreviations used for titles, countries (if a dog was from outside the US); colors and markings; and OFA and CERF certifications, and genetic clearance information. Should you have further questions, please call the AKC Customer Service office at 919-233-9767. Web site: www.akc.org

Note that if a date is shown after a dog's registration number (such as "1-92"), this is the month and year the issue of the Stud Book Register in which the particulars of the dog's first breeding experience are recorded. It should not be confused with the dog's date of birth.

Abbreviations Used for Titles

The following list shows the abbreviations used for earned titles. Some titles are appended to the beginning of the dog's name. Many titles are awarded by a European

Abbreviations Used for OFA and CERF Certifications

NOTE: Certification(s) may not appear in the third and fourth generations due to space limitations. Certification by the Orthopedic Foundation for Animals ("OFA") for hips is shown as follows:

"OFA [age in months when certified] {grade}"

where the grade is either "E," "G," or "F" for "excellent," "good," or "fair" respectively. Note that the grade may be absent if the dog passed but the grade is unavailable or unpublished.

Certification by OFA for elbows is shown as follows:

"OFEL [age in months when certified]"

Certification by the Canine Eye Registry Foundation ("CERF") is shown as follows:

"CERF [age in months when certified]"

Note that this certification is only good for two calendar years, and after that time the certification will no longer be shown on the pedigree.
